

Case Study

Fee Negotiation Workflow Enhancement

Client Requirements

Client is the most comprehensive provider of healthcare cost management solutions. Client needed to improve its claims negotiation platform that provides negotiators the flexibility to effectively negotiate claims with providers on behalf of payers. Client partnered with CitiusTech to enhance its internal technology development, management and support capabilities on agile development initiatives for claim negotiation.

Solution Schematic

CitiusTech Solution:

- Defined a strategic roadmap and enabled execution of various internal and client-related technology initiatives
- Staffed a dedicated team of resources with the required skillset for agile development and out of network support
- Architected, designed, developed applications based on proposed technology stack
- Leveraged key technologies such as ColdFusion, web service, Oracle SOA Suite, Oracle AQ, Oracle DB

Value Delivered

- Shortened client's time-to-market of new features and functionalities
- Helped transition key components from legacy (ColdFusion) to new technologies (SOA)
- Significantly improved platform stability, modularity and usability
