FOR IMMEDIATE RELEASE

CITIUSTECH TO EXHIBIT AT THE PARTNERS HEALTHCARE CONNECTED HEALTH SYMPOSIUM 2016

Princeton, NJ (October 17, 2016) – CitiusTech, a leading provider of healthcare technology services and solutions, today announced its participation as an exhibitor at the Connected Health Symposium 2016. The conference will host healthcare providers, hospitals, payers, government agencies, investors and technology developers at its 13th annual event in Boston, MA. CitiusTech will be exhibiting at booth #224 at the Boston Seaport World Trade Center from October 20-21.

CitiusTech will also present a satellite session on October 20 conducted by Jeffrey Springer, Vice President of Healthcare Solutions at CitiusTech. The session will offer insights on how healthcare organizations can accelerate their digital strategy with enterprise assets and achieve a unified customer engagement approach. CitiusTech will showcase its cutting-edge mobile health platform and mobile quality assurance capabilities that support organizations in building a unified and scalable mobile health strategy.

CitiusTech will also exhibit other key capabilities around emerging technologies, including:
- Integration and interoperability
- Data warehousing and reporting
- Big Data and predictive analytics
- Cloud and mobile development
- Security and performance testing

"As the healthcare industry embraces the Digital Revolution and Internet of Things (IoT), working with technology partners allows for effective digital strategies and the future of care delivery. At CitiusTech, we are committed to providing innovation-led and customized solutions that empower patients and significantly improve clinical outcomes," said Abhay Singhal, Vice President of Provider Market, CitiusTech.
